CubelQ Announces that has Completed two new SkaiForms® Projects in South East Europe

[EN] Athens, GR, July 29th, 2010 - CubelQ Limited, an IT company provider of software solutions and systems for financial, banking and corporate institutions, today announces that has completed two new SkaiForms® Projects in South East Europe.

During the first two quarters of 2010, CubelQ has completed two (2) new SkaiForms® Projects in South East Europe.

The first customer is an IT company with headquarters in Bucharest Romania specialized to the financial, banking and public sector markets. SkaiForms will be used to record installation, support and maintenance services provided to Banks' ATMs (field force automation). "Service report" forms will be transferred and stored in real time to the company's web based help desk system database in order banking customers to be able to retrieve "same day" service report data. The system was implemented for UAT in less than two (2) months including all customization requested and the design of the new "service report" form.

The second customer is a commercial company with headquarters in Athens Greece which is distributing natural pharmaceutical products. SkaiForms will be used to records orders at customer site and transmit them in real time to the company's order processing system. Using SkaiForms the company will process orders faster and more efficient, minimizing stock shortages, complains and cancellations and maximizing cash flow. The system was implemented for UAT in less than one (1) month including the design of the new "order" form.

CubelQ is Anoto® Solution Provider Silver Partner following a long term investment in Anoto® technology and aibis® SkaiForms® software platform.
