

## News Release

### CubelQ announces the availability of an FTP server facility for customers and partners

**Athens, GR, July 30, 2010 - CubelQ Limited**, an IT company provider of software solutions and systems for financial and corporate institutions, today announces the availability of an **FTP server facility** for customers and partners.

Registered, validated and authenticated users will be able to access public directories, group directories with information common with other users and finally their private directories.

Through the FTP, customers will be able to download software applications' new releases, updates, upgrades, patches, utilities, technical documentation and marketing material.

Usage of the FTP server will improve communications with customers and partners in many aspects. Information will flow faster, efficiently and with lower cost. Large files that can not be transferred using the standard email service will be distributed through the FTP service. Customers will enjoy electronic help and support services on software and systems operational issues quickly and effectively while partners will provide the required information promptly with minimized cost.
