

News Release

CubelQ Announces a New irForms™ Version, irForms™ On Demand

[EN] Athens, GR, **January 31st, 2012** - **CubelQ Limited**, an IT company provider of software solutions and systems for financial, banking and corporate institutions, announces a new irForms™ version, irForms On Demand.

Intelligent **Remote Forms** - irForms™ is a system based on Anoto™ digital pen and paper technology. With irForms™ On Demand centralized enterprise business application such as ERP, CRM, Customer Management System - CMS, Hospital Management System - HSM, Card Management System - CaMS and other can access the system and print pre designed forms on demand. A series of features such as support of multiple departments, support of different form designs per department, support of multiple different brand / model printers simultaneously and printing of forms with pre-fill fields give to irForms™ On Demand capabilities that can cover the majority of different implementation requirements.

www.edms.gr CubelQ micro site provides additional information on irForms™ technology, architecture, operation and configurations.
